## Vessel Specification and Contractors Report

This information is being provided in response to condition 3.1.3 of the Moray Offshore Windfarm (West) Limited (Moray West) Wind Farm Marine Licence (MS-00009774) and Offshore Transmission Infrastructure (OfTI) Marine Licence (MS-00010585).

*“The Licensee must ensure that at least five days prior to its engagement in the Licensed Activities, the name and function of any vessel, agent, contractor or subcontractor appointed to engage in the Works and, where applicable, the master’s name, vessel type, vessel IMO number and vessel owner or operating company are fully detailed in the Vessel Report. The Licensee must make the Vessel Reports and the Contractor Reports available on the Moray Offshore Windfarm (West) webpage: <https://www.moraywest.com/current-works/offshore-works>”*

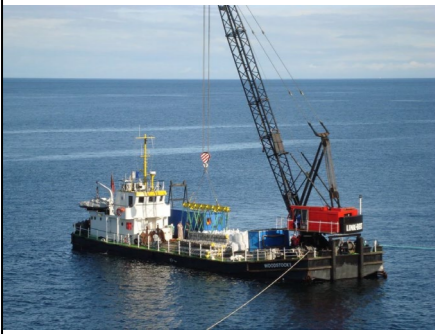

*Any changes to the supplied details must be uploaded to the Vessel Report and the Contractor Report and the Licensing Authority must be notified, in writing, prior to any vessel, agent, contractor or sub-contractor which has not yet been notified to the Licensing Authority engaging in the Licensed Activities.*

*Only those vessels, agents, contractors or sub-contractors detailed in the Vessel Report are permitted to carry out any part of the Works”.*
