# 1. Introduction

Moray Offshore Windfarm (West) Limited (Moray West) contracted EOLOS Floating Lidar Solutions S.L. to install a Floating LiDAR Buoy at the Moray West Offshore Wind Farm Site on 2<sup>nd</sup> December 2018. The equipment comprised the Floating LiDAR buoy and the mooring system, including clump weight and mooring chain.

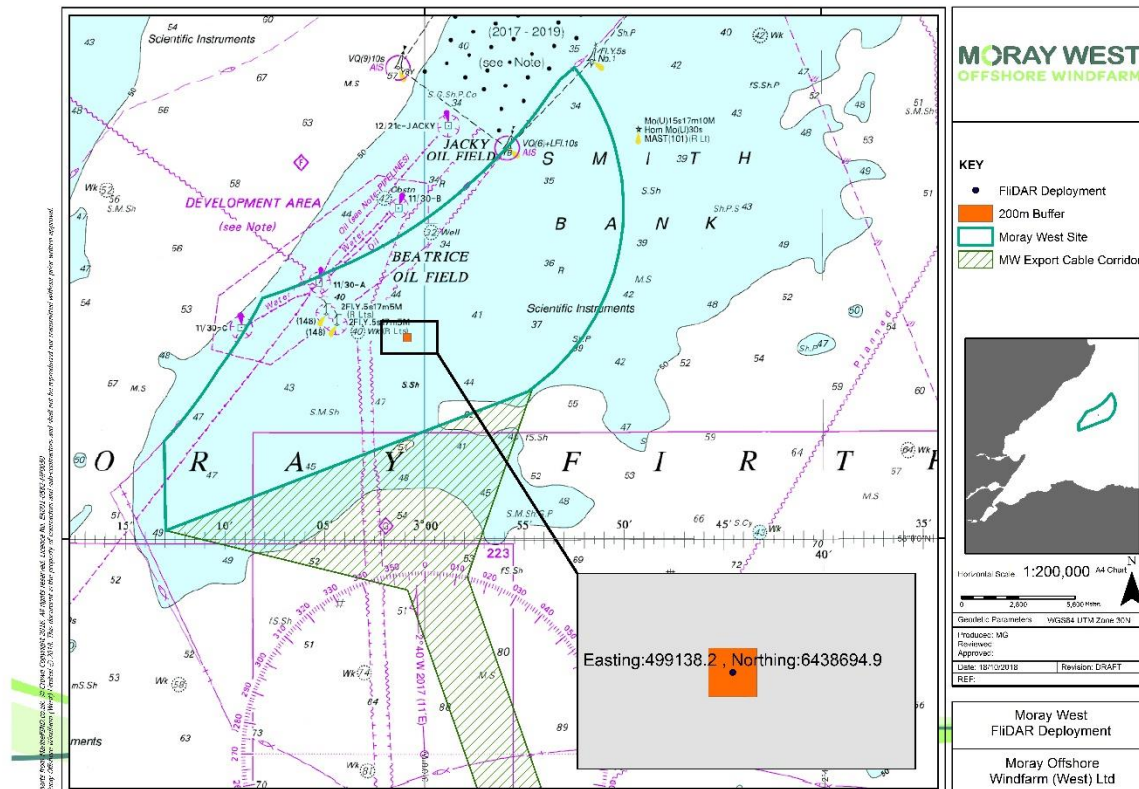

This notice to mariners is to inform that the Floating LiDAR deployed at Moray West Site has been successfully recovered on **18<sup>th</sup> December 2020**, including the mooring systems (floating clump weight and mooring chain). The recovery of the Floating LiDAR has been carried out by EOLOS Floating Lidar Solutions S.L, and operations were complete in one day.

The coordinates of the Floating LiDAR Buoy location are presented in the below table and illustrated in Figure 1.

Table 1. Floating LiDAR Buoy deployment coordinates

| Moray West Floating LiDAR Buoy Coordinates |   |
|--|---|
| Latitude (WGS84 Degrees Decimal Minutes)   | Longitude (WGS84 Degrees Decimal Minutes) |
| 58° 05.381' N                              | 003° 00.877' W                            |
